...

work experience

01/2018
Present Front End Developer

at Optimad - London (UK)

In charge of developing a new platform for the UK TV Broadcasters and Advertisement Media Outlets, implementing a modern front end setup, and designing and maintaining a comprehensive style guide for the project.

10/2016
01/2018 UI Developer

at [Harrods](#) - London (UK)

Developed and supported the main website with special focus in the checkout user journey using high standards of performance, responsiveness and accessibility. Created several internal tools to improve the efficiency of other departments' workflows. Additionally I was responsible for the development of the email templates.

06/2016
10/2016 Front End Developer

at Penta Consulting - London (UK)

Developed and supported legacy Wordpress theme designs. Worked alongside the design team to create mockups and implement them afterwards.

09/2015
12/2015 Internship - Front End Developer

at [MyMoneyPlatform](#) - Dublin (Ireland)

Developed and supported the main web application alongside the front end team, focusing on the overall design and paying special attention to the responsive design for mobile devices.
